

SFP1-SM-LU-1-02

# SFP MODULE

## PRODUCT FEATURES:

- Hot pluggable
- DDM
- Very low EMI and excellent ESD protection

## PRODUCT SPECIFICATION:

|                                           |                         |
|-------------------------------------------|-------------------------|
| Maximum network link speed                | 1 Gbps                  |
| Network Link Type                         | Ethernet                |
| Specialized                               | Rack                    |
| Power consumption (operation)             | 1 W                     |
| Coverage                                  | 2 km                    |
| Wavelength                                | 1310 nm                 |
| Transmitter Power (Tx Power)              | from -9 up to -3 dBm    |
| Receiver Sensitivity (Rx Sens.)           | -22 dBm                 |
| Receiver Overload Threshold (Rx Overload) | -3 dBm                  |
| Module Type                               | Gigabit SFP Single Mode |
| Material                                  | Metal                   |
| Weight                                    | 0,02 kg                 |
| Operating temperature                     | from 0 up to 70 °C      |
| Environment temperature                   | from 0 up to 70 °C      |
| Environment humidity                      | from 5 up to 85 %       |
| Fiber Type                                | Single-Mode             |
